CIRCULATING THROUGHOUT THE VAST AGRICULTURAL AREA OF PALM BEACH COUNTY

Fee Officials And Judges Of County Get Raise In Pay

Two Senate bills, authorizing increases in compensation for certain Palm Beach County Officials, were passed Wednesday by the State House of Representatives.

At the same time, the House approved three additional bills relative to county affairs: HB 397, upping the salary of circuit judges from \$10,000 to \$12,000; HB 398 setting up a board of jury commissioners to draw jury venires and to serve without salary; HB 449, setting the County Commission up as an Airport Authority to handle airport matters in a way not related to regulations governing the County Commission.

The two bills disposed of by both houses, now awaiting gubernatorial signature, are: One to hike to \$10,000 compensation for county fee officials, payable out of the first \$10,000 income; a second, to increase the salary of the Criminal Court of Record judge from \$4,200 to \$6,000. The post is currently held by Judge E. G. Newell.

At present, under the law, fee officials receive a maximum of \$7,000, made up of the first \$5,000 collected, plus 60 percent of the next \$3,000, plus 40 percent of the next \$1,750.

County fee officials include: Sheriff, county tax assessor, county tax collector, county judge, clerk of circuit court, clerk of county and criminal courts.

Funeral Rites For Earl M. Meredith

Funeral services for Earl M. Meredith, 55, were held at the Pahokee Methodist Church Thursday, April 28, at 2 p. m., with the Rev. Carson T. Howes officiating.

Mr. Meredith, a carpenter by profession and a resident of Pahokee for 19 years, died in a tragic accident Friday while directing work on the roof of a gymnasium of the consolidated high school between Boynton Beach and Delray Beach. It is believed he must have thought he was stepping on a joist as he fell through acoustical material of pressed fiber plunging 28 feet and landing head first on a concrete block.

A veteran of World War I, he came to Pahokee in 1930 from Flint, Mich. He was a member of the local carpenters' union and was employed as construction foreman by J. Hilbert Sapp, Inc., contractor, at the time of his death.

Survivors include his wife, Ruth V., of Pahokee; two sons, Loren W. and Earl Douglas, both of Pahokee; a daughter, Mrs. Marion Eunice of Columbus, Ga.; two half-brothers, Fred M. Burkett of California and Roy Burkett of Colorado and two sisters.

Active pallbearers were Mike Hopperich, G. F. Kincaid, J. T. Guerry, A. E. Early, Ernest Hock and M. Kite. Honorary pallbearers included all members of Everglades Masonic Lodge 211.

Burial was at the Hillcrest Cemetery in West Palm Beach. Berry's Funeral Home was in charge of arrangements.

Barfield Highway Is Being Rebuilt

Barfield Highway, a county road, is being rebuilt by county road forces, according to an announcement by County Commissioner Paul Rardin. Much new rock is being hauled in from the county pit near the state market. Plans call for widening and resurfacing of the much-used county highway. After the new rock is given a chance to settle a surface coating of oil will be put on before a new mixed-in-place top surface is put on the entire highway from one end to the other, Rardin said.

Benefit Concert By Pahokee Band At Prince Theatre

A benefit concert will be presented by the Pahokee High School Band under the direction of Bandmaster Robert O. Lampi on the stage of the Prince Theatre Tuesday and Wednesday evenings, May 3 and 4. In conjunction with the concert there will be a regular showing of the motion picture, "Bomba, the Jungle Boy." Net proceeds from the concert and show will go toward helping defray the expenses of sending the band to Jacksonville to participate in the annual State Music Contest and Festival for school bands and orchestras which is to be held in that city May 12-14.

The entertainment will start at 7 p. m. with the showing of "Bomba, the Jungle Boy," a picture recommended by critics for all members of the family. The band concert will start around 9 o'clock and last for 45 minutes, following which the picture will again be shown. The same program will be repeated on Wednesday night for the convenience of those unable to attend Tuesday. Tickets are now available from all members of the band, \$1 for adults and 50 cents for school children.

The program for the concert has been announced by Mr. Lampi as follows: "William Tell March," Bennett; "Military Escort March," Rossini; "Youth of America March," Yoder; "Selections from Strauss," Yoder arrangement; "Trombone Triumphant," Keller; "Auditorium Session," Moffitt; "At the Greenin Ball," Hill; "Hold 'Em Harlem," Frankiss; "Silver Cord Overture," O'Neill; "Fame and Fortune March," Talbott.

Extension On McClure Road Is Rocked

A quarter of a mile extension on McClure road near Pahokee has been rocked by county road forces, according to County Commissioner Paul Rardin. The rock was hauled from the county pit near the state market. The new extension gives farmers in the bay bottom a chance to get their produce out over a rock road.

Mr. and Mrs. I. Marshall Laird had as guests the past week her mother, Mrs. C. W. Howell of Luverne, Ala.; her sister, Mrs. W. M. Hamm of Mobile, Ala., and her brother, John H. Howell, of Detroit, Mich.

East Beach Bill To Be Explained To Pahokee Citizens

There has been a great deal of comment about a proposed bill to be enacted into law in Tallahassee affecting East Beach Drainage district in Pahokee. Citizens and taxpayers in the district are not aware of the bill's contents and Dame Rumor has built up a "boogie man" in the hail.

District Secretary Harold Rosenberg told this newspaper Wednesday morning that just as soon as he has a copy of the bill in his hands he will appear before Pahokee civic clubs with the bill and maps and explain it thoroughly to the citizens.

Last week's issue of The Everglades News carried the necessary advertisement regarding introduction of the proposed bill. The advertisement, although specifications set up by law for passage of what is called a local bill, did not make it clear in the minds of the taxpayers just what is to be expected when the bill is passed.

Citizens and taxpayers, directly affected by the proposed law, will have opportunity, Mr. Rosenberg said, to see exactly what it stands for and to voice their opinion on its merits. "The bill carries a definite referendum," Mr. Rosenberg pointed out in discussing the proposed law.

Land Mark Church Plans Home Coming

Home Coming Day will be held Sunday, May 1st at the Land Mark Baptist Church, Canal Point. The Palm Beach County and Big Lake Conventions will have the singing arrangement during the day. The Dixie Lilly Harmonizers quartet from Tampa will be there, also other quartets. Lunch will be served at noon, bring a basket and help feed the visitors and singers from out of town.

Two Unopposed In City Council Race

At a meeting of the Pahokee City Council Tuesday night it was announced that Councilmen Leo Wroten and A. J. Gamot, who are running for re-election on the council in the municipal election Tuesday, May 3, will be unopposed and City Clerk W. P. Walker was instructed to prepare the ballot for the election.

Mr. Walker was also instructed to make arrangements to place liability insurance on the new swimming pool and insure the new high lift city water tank at Pelican Lake.

Hospital Work Is On Schedule, Says Hillier

Work on the new city hospital in Pahokee is progressing according to schedule, Contractor Don Hillier said yesterday. A crew of workmen are busy this week putting on the roof and Mr. Hillier is hopeful that the entire roof can be finished this week ahead of the rainy season.

B. ELLIOTT DESIGNATED HOUSE SPEAKER IN 1951

HON. B. ELLIOTT
Pahokee, Fla.

\$340 Realized For Swimming Pool From Foot Ball Tilt

The Pahokee Blue Devil 1949 hopefuls made a good showing for themselves in the benefit football game with the 1949 all-stars played on Lair Field Friday night despite the fact that the "Old Blues" put them on the blank end of a 25 to 0 score.

Among the candidates for the 1949 varsity eleven Bobby Peacock and Stanley Hooks did some good work in the backfield while Ronny May and Charles Dickson were outstanding in the line. Had the "Would Bees" done less fumbling and been able to put up a more alert pass defense the score would have been different. They actually outplayed the all-stars on the ground but were never able to effectively break up Joe Carr's passes to Hueston Connell and Julian Snyder.

The all-stars scored a touchdown in the first quarter and another in the second when Connell connected with Carr's passes and galloped across the goal line. The new team dominated the field throughout the scoreless third stanza, marching the length of the field only to fizzle out on the 12-yard line. Throughout the game they made consistent gains on the ground but just as consistently fumbled away their opportunities to go places.

In the fourth quarter the all-stars scored again when Charles Phillips intercepted a pass and ran the ball 45 yards to pay dirt. Near the end of the game a line plunge touchdown was made by Carr who also added the extra point.

The Lions Club, sponsor of the benefit game, reported that ticket sales totaled approximately \$340.

State Representative B. Elliott of Pahokee and Palm Beach county was designated speaker of the House for the 1951 session at a caucus held Wednesday night of this week. He won on the second ballot by a vote of 48 out of the 95 votes.

Rep. Farris Bryant of Marion received 30 and Rep. George Tapper of Port St. Joe 16. One member did not vote.

On the first ballot Elliott led with 43 votes to 29 for Bryant and 22 for Tapper.

The Pahokee man's designation is the first honor of its kind ever to come to Palm Beach county as far as old timers can remember. State Senator John R. Beacham served as president of the senate one term.

He still must run for re-election to the House in 1950, and his designation as speaker is unofficial. However, action of the house caucus never has been upset in the official balloting at the opening of a session he is to serve as speaker.

Elliott, 45-year-old automobile dealer, is serving his third term in the house from Palm Beach county. In the current session, he is chairman of the Committee on Drainage and Water Control which will study the big South and Central Florida Flood and Drought Prevention bill.

Rep. J. W. McAlpin of Hamilton was named speaker pro tempore. He received 50 votes to 27 for Rep. Leo Wotitzky of Charlotte and 18 for Rep. Woodrow Melvin of Santa Rosa County.

Nazarene Church Organizer Dies

Funeral Services for the Rev. Thomas C. Grigsby, 71, organizer and first pastor of the Nazarene Church of the Nazarene, were held at the Church of the Nazarene Wednesday, April 27, at 2 p. m., with the Rev. Robert Rutherford officiating.

The Rev. Grigsby died from a heart attack at his home on Bacon Point Road Monday morning. A native of Owensville, Ind., he came from Meta, Mo., to Pahokee in 1931 to organize the Church of the Nazarene and served as pastor of the church for several years before returning to Missouri. He returned last August to make his home in Pahokee as a retired minister.

He is survived by his wife, Rhoda E. of Pahokee; a sister, Mrs. Cora E. Lovellette of Miami; a brother, Ralph H. Grigsby, Bay Pines Veterans Hospital; eight nephews and one niece.

Pallbearers were J. C. Mizell, R. P. Todd, C. M. Todd, J. R. Avant, Albert Gant and C. M. Baker.

Burial was at the Port Mayaca Cemetery. Berry's Funeral Home was in charge of arrangements.

TOO LATE TO CLASSIFY

(By Russell Kay)

Seeking advice as to the best way to advertise Florida, the newly appointed Florida State Advertising Commission, meeting in Tampa, called in a group of so-called experts to tell them how it should be done.

In the group were such distinguished authorities as Karl Bickel, former president of the United Press; Roger Babson, the famed statistician; William Holler, retired Chevrolet executive; George B. Storer, radio and television operator and Carl Byoir, public relations man.

All big men, able men, successful men and all residents of the state. Each of these gentlemen presented his ideas and the sum total of their collective advice was to banish forever the "bathing girl" and concentrate on publicizing the state's educational facilities and advantages.

Karl Bickel stated that "the bathing beauty picture, was dropped as an effective selling point by experts ten years ago," and said it was "high time most of us dropped it as it was corny today." Bill Holler and George Storer backed him up while Roger Babson urged that we feature our youth in an educational role.

Press dispatches heralded the story far and wide. The experts had spoken and if the Advertising Commission followed their advice the bathing girl would be out as far as Florida publicity was concerned.

After all, the proof of the pudding is in the eating and while these experts may have been perfectly sincere in their denunciation of bathing girl pictures, the fact remains that Florida has received more favorable publicity via the bathing girl route than in any other manner, and when Florida's No. 1 publicist who has crashed more national magazine covers, rotogravure sections and news columns than all of the aforementioned experts combined read of their findings he blew his top.

Last week Dick released a broadside giving the experts' statement the lie and showing examples of the type of bathing girl pictures that have always clicked and continue to click with the nation's top flight newspapers and periodicals.

Through the efforts of Dick Pope, Florida bathing girl pictures are in greater demand today than ever before. Magazine and picture editors send their ablest photographers to Florida to work with Dick Pope. He is nationally recognized as a picture wizard and his pictures are featured in every type of publication from the smallest weekly to Collier's, Life and the Saturday Evening Post.

The day Florida stops using attractive bathing girl pictures, such as Dick Pope releases, and tries to crash newspaper and magazine pages with educational pictures will be the day that the nation's picture editors hold their nose and start tossing Florida publicity into the nearest waste basket.

Maybe Mr. Bickel and his fellow experts have reached an age where pictures of beautiful girls in bathing suits lack appeal. If so, they are in the minority and they will find the nation's top flight picture editors and newsmen are using more bathing girl pictures today than ever before.

If any of these learned gentlemen will agree to pay for the press clippings, I'll guarantee to send them thousands of such pictures from the press of the nation. It happens that I operate a press clipping bureau and I venture to say that we could deliver several

thousand such clips every week, year in and year out and still wouldn't have them all.

But in justice to Dick Pope and his pictures I'd like to point out that while a large percentage of his pictures may be classed as bathing girl pictures, they are much more than that, they are the finest kind of action pictures that find a Florida story of vim, vigor, health, youth and vitality. They pack a real punch and tell more at a glance than many a thousand words could tell.

Let the Advertising Commission send out pictures of students in horn rimmed spectacles, of eminent college professors, of school and college buildings. Let them scream educational opportunities at the top of their lungs, and if one publisher out of a hundred pays any attention to it, it would be a surprise.

No, in this instance the experts are wrong, oh, so wrong. Bathing girl pictures of the type presented by Dick Pope always have been and always will be in demand. Florida is fortunate to have a man like Pope on the job and it is high time this state realized it and recognized him for his amazing ability as a publicist.

Cinematic Chatter

By Malcolm Millar

We can, without fear of contradiction, mark down "Fighter Squadron" as one of the most exciting and greatest air pictures ever filmed. We can do this because, the cameras have shot some realistic scenes of battles that are certainly the McCoy. The studio that has brought us this picture has a long list of fine air pictures to its credit, including: "Destination Tokyo", "Objective Burma", "Dawn Patrol", and many others. But they list "Fighter Squadron" as the greatest and most authentic of them all. This should leave no doubt in your minds as to the type of picture you will be going to see at the Prince Theatre, this Sunday-Monday.

There are three fine stars in the picture, Edmond O'Brien, Robert Stack, John Rodney, and a host of featured players, including members of the United States Airforce.

Thrills are piled on thrills during the filming of this beautiful technicolor tale, with moments when you find yourself clutching a dry throat and clasping your hand over a pounding heart. But there are moments of comedy that will rock you with laughter, and tender moments that will cause you to swallow hard and brush a little mist from your eyes. It is Tops!

See you at the movies—Mal.

Bondholders Will Get FEC Payment

JACKSONVILLE — Bondholders of the Florida East Coast Railroad will receive \$3,375,000 in interest payments soon. Federal Judge Louis W. Strum ordered payment of three interest coupons last week on the \$45,000,000 issue of first and refunding bonds.

At the same time he authorized the railroad to spend \$1,560,000 for additions and improvements, including purchase of 35 miles of rails.

Payment of the three coupons brings to seven the number paid since the refunding bond issue was defaulted in 1931 and will be the first paid since July 10, 1947. Judge Strum directed that the oldest of the unpaid coupons be paid. This will mean payment of interest due on September 1, 1933, March 1, 1934 and September 1, 1934.

Tile Council To Advertise Product

TAMPA — Tile contractors of Florida have been urged by the Tile Council of America to use advertising on the local level in cooperation with the national campaign, in order to increase tile sales in Florida.

The Tile Council, with headquarters in New York City, recently completed a tour of Florida, with big meetings of tile contractors at Miami, Jacksonville and here. The meetings, arranged by Carl Byoir & Associates, of New York, who handle the promotional activities of the Tile Council, were featured with a slide presentation showing the various activities that have been carried on the past five years since the Byoir organization took over the account.

Al McMillan, account executive, and Kal Druck, assistant account executive, urged the tile contractors to operate on the local level to derive the fullest benefit from the national advertising campaign.

Advertising on the local level in every community of Florida was urged as the means to produce bigger sales, if conducted with an aggressive sales campaign. It was pointed out that Florida offers a particularly fine field because of the great amount of construction going on and the adaptability of tile for Florida construction.

MOTOR CLUB MEET

DAYTONA BEACH—Marvin L. Holloway, manager of the Tampa Motor Club of the AAA, was elected vice-president of the newly formed Southeastern Conference of AAA Motor Clubs, here last week. Coleman Roberts, president of the Carolina Motor Club, Charlotte, N. C., was elected president at the final business session of a two-day meeting. Fred Orr, assistant manager, and T. R. Manry, manager of the insurance bureau of the Tampa Motor Club, also attended the sessions.

Delegates Named To Red Cross Meet

At a recent meeting of the Pahokee Junior Red Cross Chapter in the elementary school Gay Schoepel and Jeannine Mock were elected delegates to represent Pahokee at the Palm Beach County Junior Red Cross district meeting in Belle Glade.

The group voted to make ap-

proximately 50 May day favors for disabled veterans and assumed as a project for the remainder of the school year the operation and maintenance of the first aid room at the elementary school.

Achievement Day Held By 4-H Club

The Pahokee Senior 4-H Club held achievement day on April 27 with Mrs. Mildred Michaud, assistant home demonstration agent in charge. She checked the exhibits and took up the record books for inspection.

Exhibits were: dresses, baked bread, salads, garden vegetables, toys, doll dresses, cakes, egg dishes, and fire prevention methods. The club chose a name tag and a song which were submitted by members.

May 14 has been set aside as achievement day in the Everglades at which time all Glades clubs will participate.

From where I sit... by Joe Marsh

How We Licked The Parking Problem

For a while it looked like we'd have to put up parking meters. Folks working in town—including some of the store owners—were taking up all of the space along Main Street.

Farmers coming in to shop never found a place to park, and sometimes had to lug stuff a half mile or so. Some started to do their buying in other towns: Finally, store owners and farmers had a get-together—with the result that the empty field near the depot was fixed up for all-day parking.

Now farmers get their shopping

done comfortably, and the merchants have a better place to park than they had before. Just took a little friendly co-operation to make everybody happy.

From where I sit, most differences can be ironed out by just talking things over—maybe with a cup of coffee or glass of beer—and seeing the other person's side of it. Next time you have a problem or a little difference to settle, why not try just that?

Joe Marsh

Confusion Reigns In Legislature

(By Ralph Blank)
RDB Manager

TALLAHASSEE — The current session of the Florida legislature is one "organized confusion" according to many old timers here in Tallahassee. In the long legislative experience of several solons this session, they say, is the most difficult and confused in their long experience.

A number of calls to the RDB office each week indicate great concern on the part of local taxpayers. Many interests—civil, industrial, municipal and other political subdivisions—are descending upon the State Capital daily. All

seem to be concerned about the outcome, general policy and attitude of the legislature. Never have we seen so much concern on the part of serious-minded legislators over the mounting burden of taxes. On the other hand, all seem to realize a growing state must make substantial investments if it is to grow.

Interviews with many members indicate the possibility there may be a special session of the legislature—necessary to provide revenue to run the State in the event the stalemate continues between conservative legislators and Governor Warren's tax program. On every hand, in hotel rooms, corridors of the Capitol and even in public committee hearings, guarded references are made to the sales tax as a possible alternative to the present tax program offered by the Governor.

The people of the East Coast will be interested to see the progress made for fencing the cattle off the highways, one of the Governor's main projects. The Senate, after a bitter fight, set July 1, 1950 as the effective date for the measure. Next week the bitterly waged fight in the House will probably end in compromise or even victory for the Governor's forces despite the organized opposition of Florida cattlemen.

A number of local bills affecting Palm Beach County and the economy of South Florida were introduced during the third week of the session. The General Water Control bill, under which the state government would be authorized to cooperate with the Federal Government's 208-million dollar project, was introduced in both Senate and House. Two Palm Beach County men sponsored the measures, identical in character

with Senator John R. Beacham steering the bill in the Senate and B. Elliott in the House and a number of representatives and Senators placing their names on the bills as co-sponsors with the local delegation. Local people were delighted to note that a number of North and West Florida members of both houses joined in the sponsorship. The bills now go to the Drainage and Water Conservation committees of the two Houses for consideration and local sponsors are planning a public hearing in the near future when both proponents and opponents of the measures may be heard.

Senator Beacham also defended the one-half cent per gallon fuel tax measure, earmarked specifically for Flood Control, which he introduced in the Senate, when the bill came before the joint Senate-House Finance and Taxation committee. Representatives of railroads, utility companies, municipally owned utilities and others vigorously opposed the measure. No action was taken by the committee pending consideration of many other taxes recommended by the Governor.

Local bills increasing salaries of the Judges of the Circuit Court, the Judge of the Criminal Court of Record and providing for a jury commission to serve without pay in Palm Beach County were introduced. A number of other local bills were already in the hands of our local House delegation for introduction and reference to the local bill calendar.

Mr. and Mrs. Norman Padgett of Pahokee announce the birth of a daughter, Bonnie Sue, at the Everglades Memorial Hospital on April 24.

Newly elected officers of the Canal Point Parent-Teacher Association will be installed at final meeting of the school year to be held in the school auditorium Monday, May 2, at 8 p. m. On the program Mrs. Marvel Griffith's third grade children will present a play.

A "ritual of jewels" ceremony was conducted by members of the Beta Omicron Chapter of the Beta Sigma Phi Sorority at the home of Mrs. E. J. Graham on Thursday night of last week, with Mrs. Jess M. Elliott, vice president, in charge. The ceremony was followed by a buffet supper.

PUBLIC NOTICE

Notice is hereby given that the Board of Commissioners of Everglades Drainage District, a drainage district and body corporate existing under and by virtue of the laws of the State of Florida, will apply to the 1949 Session of the Florida Legislature, which convened on Tuesday, April 5, 1949, to pass, adopt and enact a special law applying only to the territory contained within the respective counties of Dade, Broward, Martin, Palm Beach, St. Lucie, Okeechobee, Glades, Highlands, Hendry, Monroe and Collier counties, said law relating to the Everglades Drainage District, and amending Chapter 6456, Laws of Florida, Acts 1912 and all acts amendatory thereof, and Chapter 6457, Laws of Florida, Acts 1931 and all acts amendatory thereof, and Chapter 6458, Laws of Florida, Acts 1941 and all acts amendatory thereof; by providing for the speedy retirement of the debt incurred and bonded indebtedness of said District and the authority and procedure thereof; authorizing and directing the prompt sale of all lands owned by said District and all rights therein and not involved in litigation and the use of all proceeds therefrom and all other income of said District, excepting administration taxes, for debt service use; directing the investment of all debt service money and proceeds of all land sales and other income of said District in United States Government Bonds; providing for the deposit of all bonds and securities now and hereafter owned by said District for debt service retirement with the State Treasurer of Florida; authorizing, empowering and directing the sale of such bonds and securities of said District and the use of the proceeds thereof to purchase and retire outstanding bonds of said District at such times and for such amounts as may be jointly agreed upon by said State Treasurer and the Board of Commissioners of said District to be to the best interests of said District; and the purchase of all bonds of said District at the earliest call date thereof if not earlier offered for purchase; providing that said District and its Board of Commissioners shall have no authority to levy, assess, debt service, or any other tax to service bonds after the face value of securities so deposited with the State Treasurer is equal in amount to the total principal sum of outstanding District bonds, with interest thereon as provided therein to the earliest call date thereof; providing that when face value of securities so deposited with State Treasurer are equal to meet all bond retirement needs as aforesaid, said District shall cease to exist as a body corporate, and the terms of office of the Board of Commissioners thereof shall thereupon automatically terminate; providing that in no event shall said District have power or authority to, or shall levy or collect any administration tax after the calendar year 1951; providing further that the Board of Commissioners of said District may continue in existence as a body corporate after payment is made or assured of all outstanding District bonds, for the sole and limited purpose of liquidating said District and co-operating with State of Florida, or United States agencies on flood or water control, as to the area within the territory now included within Everglades Drainage District, and upon the stabilization of such agencies and the active and substantial commencement of their work, said Board of Commissioners shall have authority to convey to such agency or agencies all of the facilities, equipment, locks, canals, rights of way, and other assets, including the assignment of the proceeds of any oil leases, as and for the contribution of said Everglades Drainage District to such water or flood control work, upon condition, however, such property shall always be used for such purpose for the benefit of the lands formerly included in said District and the inhabitants thereof; defining the legislative purpose of this act to be to accomplish the winding up, liquidation, and dissolution of Everglades Drainage District at the earliest possible date that moneys or securities on hand are sufficient to pay or assure retirement of all outstanding District Bonds; and to prohibit the levy of any taxes by said District after such time and to provide orderly disposition of the assets of said District thereafter in the interests of the public welfare and repealing all laws in conflict herewith.

Said Special Law will be introduced in either the Senate or House of Representatives on a day not more than thirty (30) days after the publication of this notice in: Miami Herald, Miami, Florida; Ft. Lauderdale News, Ft. Lauderdale, Florida; Stuart News, Stuart, Florida; News Tribune, Ft. Pierce, Florida; Okeechobee News, Okeechobee, Florida; Glades County Democrat, Moore Haven, Florida; Highlands County News, Sebring, Florida; Clewiston News, Clewiston, Florida; Collier County News, Naples, Florida; Everglades News, Canal Point, Florida; Key West Citizen, Key West, Florida; each of said respective newspapers being a newspaper of general circulation published in said respective designated county of Florida.

Governor Warren Makes Statement To Florida Citizens Regarding Taxes

TO THE PEOPLE OF FLORIDA:
"The public schools and the colleges may not open next September. The old folks, dependent children and the blind may not get their assistance checks next September. The insane asylum may have to send some of its inmates back home to their families."

"I will tell you why. The 1947 Legislature increased the State's contribution to public schools from \$18,000,000 to \$42,000,000 a year, a yearly increase of \$24,000,000. It almost doubled the appropriation for colleges. It greatly increased the appropriation for the old folks, dependent children and the blind. It increased the appropriation for the insane asylum."

"The 1947 Legislature voted all these increases but it passed no taxes to pay for them. Many millions of dollars had piled up in the treasury during the war when income from taxes was tremendous and the State was restricted from spending much. The 1947 Legislature wisely decided to use up all this war-accumulated surplus before voting any more taxes."

"During the past two years the State spent for operating costs \$17,000,000 more than it took in from taxes, and \$16,000,000 more on public buildings than taxes yielded, a total of \$33,000,000 more for the two years period than was

collected in taxes.

"The State treasury has been drained almost dry. The general revenue fund will have only about \$7,500,000 on June 30th, the lowest balance in many years. State Comptroller C. M. Gay officially has stated that the State treasury will be \$3,000,000 in the red by September unless new or additional taxes are passed by the Legislature. On April 5th I recommended to the 1949 Legislature fifteen sources from which about \$50,000,000 a year could be obtained. Most of the taxes I recommended were originated by the Senate-House Tax Survey Committee."

"Eight of these fifteen taxes would be paid by sources not now paying any state taxes. The other seven would be paid by sources which now are paying very light taxes—so small as to be little more than token taxes. Much of the taxes I recommended would be paid by wealthy visitors to Florida. Much would be paid by businesses making enormous profits in Florida, but having their headquarters out of the State. One of these taxes, the severance tax, would be paid by a firm which, according to the testimony of its president, took in \$28,000,000 last year and paid no state taxes at all."

"The utility tax would be paid

largely by three power companies which charge their customers about 22 percent more than is paid in Georgia. One of these power companies makes so much money by over-charging its customers that it seems ashamed to reveal the many millions of dollars it gouged them for last year. These fabulously rich power companies now pay one of the very lowest utility taxes in the entire United States.

"Hotels, which pay no state tax at all, were asked to help in this financial crisis with a 5 percent tax on lodging. Many Florida hotels charge from \$20.00 to \$50.00 per day. Their customers are largely wealthy visitors to Florida. A 5 percent tax would be hardly noticed by the millions of visitors who come to Florida each year to enjoy an incomparable climate which can be found nowhere else in the world."

"As soon as I recommended that the Legislature obtain from these sources the money the State must have if the schools and colleges are to be kept open, if the old folks are to eat, if the insane are not to be sent home—as soon as I recommended that these enormously rich interests be required to help the State do its duty to its citizens—these aggregations of tax-free wealth hired a horde of lobbyists and sent them to Tallahassee with apparently unlimited expense accounts. These purchased propagandists have been doing their stuff day and night here in Tallahassee. In devious, deceptive ways these confusers for cash have been trying to thrust dust in the eyes of the legislators."

"These propagandists for profit are desperately trying to ram a sales tax through the Legislature. They are trying to get the Legislature to take \$50,000,000 a year from the tables of Florida families. They are trying to steamroller the Legislature into taking, by a sales tax, part of the take-home pay for every employed person in Florida."

"If you don't want to be paying more for your groceries soon, I urge you to write, call or come to see your Senator and Representative and plead with them not to vote a sales tax on you. Ask them to please put the taxes on these enormously rich outfits which are paying unknown sums to slick lobbyists in a desperate effort to escape their just obligations. Please always keep in mind that the 38 Senators and the 95 Representatives in the Legislature can save you from a sales tax, and that they have the power to provide by other taxes the money for the schools, the colleges, the old folks, the asylum and other necessary services the State performs."

"You, the people, have no hired lobbyists in Tallahassee. You must rely on your Senator and Representative to protect you from the deals the lobbyists are trying to put over. If you will let your Senator and Representative know what you want done, I feel certain they will do it."

Dr. Tebeau Heads Historical Society

MIAMI—Dr. C. W. Tebeau, head of the history department of the University of Miami, has been elected president of the Florida Historical Society. He succeeds Dr. Mark Boyd of Tallahassee. Other officers elected were: Richard P. Daniel, Jacksonville, first vice-president; Webster Merritt, Jacksonville, second vice-president; Dr. Rembert W. Patrick, Gainesville, recording secretary; and Mrs. Alberta Johnson, St. Augustine, treasurer, corresponding secretary and librarian.

Lewis G. Seeggin, director of the Florida Park Service, Tallahassee, suggested the park service take full charge of all historic sites and monuments in the state. He said only a few historic sites in Florida had been marked and almost nothing done to interpret them.

Two-inch thick laminated plate glass made by Libby-Owens-Ford has been approved for use on the basis of being able to resist short bursts of fire from 45-caliber sub-machine guns, and single shots from high-powered rifles.

Oval Wheels Are OK For Smooth Ride

NORTH TONAWANDA, N. Y.—Remember the old bumpy ride "gag" about square wheels? Well, stop laughing—a man here has invented oval ones. They work, too.

John F. Kopczyński demonstrated his invention with a model. Kopczyński, president of the Pivot Punch & Die Corp., said he had been working on the idea 10 years. The object, he explained, is to give more "digging in" power for heavy going through mud or snow.

The problem of a smooth ride has been solved, too. Two wheels come in pairs, one ahead of the other. They are mounted on a rocker arm and are synchronized so that when the flat side of one is on the ground, the other one is on its peak.

"It's the first improvement on the principle of wheels since the days of the caveman," he said.

Practical application, Kopczyński adds, might include use on military vehicles, farm implements and earth-moving equipment.

Mr. and Mrs. Pete Chiviges left Wednesday for Hot Springs, Ark., to spend several days before going on to their home in Benton Harbor, Mich.

A. L. Vertommen returned home the first of the week from the Everglades Memorial Hospital where he has been receiving treatment.

Scout Hut Site Is Planned By C. P. Lions

The need for a new scout hut for use as a regular meeting place for both boy and girl scouts was discussed by Canal Point Lions at the Monday dinner meeting. President A. R. Harrington, who presided at the meeting, named Paul Rardin, Boyd Vorhees, J. S. Atkins and O. H. Sheppard on a committee to investigate the leasing of the site for the scout hut. Grady Echols gave a report on local scout activities and stressed the importance of the club giving its wholehearted support to the scout movement.

President Harrington again urged all members who can possibly do so to attend the State Lions Convention in St. Petersburg.

Boyd Vorhees, program chairman, introduced Paul Rardin who gave a talk on "County Government."

Fried Chicken Is On Auxiliary Menu

The Canal Point Legion Auxiliary will hold a fried chicken supper on Thursday, May 5th, at the Legion hall in Canal Point. Serving will start at 6 p. m. and continue until 9 p. m.

Thirty-one new stainless steel sleeping cars will soon be added to the Seaboard Air Line Railroad fleet of streamliners serving Florida, it was announced by C. E. Boll, General Passenger Manager of the Road.

Christian Science Society

CHURCH OF CHRIST SCIENTIST
"EVERLASTING PUNISHMENT" is the subject of the Lesson-Sermon which will be read in Churches of Christ, Scientist, throughout the world on Sunday, May 1.
The Golden Text is: "Know ye not, that to whom ye yield yourselves servants to obey, his servants ye are to whom ye obey, whether of sin unto death, or of obedience unto righteousness?" (Rom. 6:16).
Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Have I any pleasure at all that the wicked should die? saith the Lord God."

and not that he should return from his ways, and live? (Ezek. 18:23).
The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Through repentance, spiritual baptism, and regeneration, mortals put off their material beliefs and false individuality. It is only a question of time when 'they shall all know Me (God), from the least of them unto the greatest.' Denial of the claims of matter is a great step towards the joys of Spirit, towards human freedom and the final triumph over the body" (242:1).

SKATING PARTY

Members of the Mocking Bird Class of the First Baptist Sunday School met at the home of their teacher, Mrs. Albert Snyder, Thursday afternoon for a business meeting and social hour following which they went to the rink and enjoyed a skating party. Among those attending were Marcia Jean Guthrie, Faith Baldwin, Frances Meeks, Rose Marie Henderson, Myrna Herndon and Sandra Long.

Everglades Presbyterian

Rev. Preston P. Phillips, Jr., stated supply of the Everglades Presbyterian Church, Belle Glade, will have as his morning subject, May 1, 1949, The Pentecostal Power. At 8 p. m. the subject will be, Men Who Bring Forth No Fruit To God.

KINDERGARTEN

The Kindergarten and pioneer groups have changed their time of meeting, announced the Everglades Presbyterian Church, Belle Glade. They will now meet on Tuesdays at the Manse. The Kindergarten group will meet at 10 a. m. and the pioneer group, at 3:00 p. m. Mrs. Robert R. Roadman-directs.

CIRCLE MEETING

Circle No. 1 of the Everglades Presbyterian Church, Belle Glade, will hold its regular monthly meeting on May 3 at 8 p. m. at the home of Mrs. Doyle Smith, Northmoor Gardens. Mrs. Robert W. Lanier, chairman, will preside. The general program is in charge of Mrs. H. H. Ring. Mrs. Preston P. Phillips, Jr. will give the Bible study.

CIRCLE NUMBER TWO

Circle No. 2 of the Everglades Presbyterian Church, Belle Glade, will hold its regular monthly meeting at the home of Mrs. David L. Stoddard, Experiment Station, on May 3 at 8 p. m. Mrs. Ralph L. Pipes, chairman, will preside. The general program is in charge of Mrs. Charles B. Crichtfield. Mrs. John Randolph will give the Bible study.

RECEPTION

There will be a reception in honor of Reverend and Mrs. Preston P. Phillips on April 28 at the Belle Glade Community Clubhouse from 8:00 to 10:00 p. m. The Everglades Presbyterian Church cordially invites the public to attend and meet the recently arrived stated supply of the church.

Mrs. Major Heads Methodist Circle

Mrs. C. A. Major was elected chairman of the Simonson-Lair Circle, First Methodist WSCS, at a meeting at the home of Mrs. J. V. Thomas, Monday afternoon.

Other new circle officers elected were Mrs. R. F. Hurt, vice chairman and program chairman; Mrs. Duncan Padgett, secretary; Mrs. J. V. Thomas, treasurer; Mrs. William McClenithan, hospitality chairman; Mrs. T. L. Burns, visitations chairman, and Mrs. R. J. Simonson, sunshine chairman.

The group voted to sponsor the annual WSCS pledge service and dinner to be held at the church Monday, May 2, at 7:30 p. m. Mrs. Major, Mrs. Padgett, Mrs. Burns and Mrs. M. D. Conrath were appointed on a committee in charge of dinner arrangements.

Mrs. C. A. Canipe presented a mission study of a chapter from the text, "The Bible and Human Rights." She was introduced by Mrs. Arch Blakey who presided at the meeting. Mrs. McClenithan was co-hostess.

New Bridge Planned To St. Petersburg

TALLAHASSEE — The legislature has removed the last barrier to a plan for financing a \$15,000,000 new bridge and causeway from St. Petersburg to Manatee County across lower Tampa Bay.

The House passed, 76 to 1, and sent to the Governor a Senate Bill, authorizing the State Improvement Commission to operate a ferry. The Governor has already approved the plan.

The bridge will cut about 50 miles off the present route between St. Petersburg and cities South of Tampa. Operation of the ferry now owned by the St. Petersburg port authority was the only thing lawyers said would be necessary for the State Improvement Commission to take over the big bridge-building plan.

The State Road Department actually will build the bridge with money raised by the Improvement Commission.

Mr. and Mrs. Anderson Chastain were business visitors in Miami Tuesday.

W. M. S. MEETING

The regular meeting of W.M.S. was held at the church Monday night. A very interesting program was given. The topic, Christ in the Rural Community.

Mrs. L. L. Horne was in charge of program, assisted by Mrs. J. S. Atkins. Mrs. J. S. Chastain, Mrs. C. B. Jones, Mrs. Grady Echols and Mrs. Vivian Mercer.

The business meeting was presided over by Mrs. G. L. Sims. President. An invitation is extended to all ladies to attend our meetings.

John Lloyd Hundley Has Birthday Party

Mr. and Mrs. Lloyd Hundley entertained at their home on Bacon Point Road Thursday evening of last week with a lawn party and wiener roast honoring their son, John Lloyd, who was celebrating his fifth birthday anniversary.

A favors hunt and other outdoor games were enjoyed. Mrs. Hundley was assisted with the serving of refreshments by Mrs. Graham Mole and Mrs. Irene Vann. Guests were Annette McIntosh, Jack Stanley, Phoebe Ann Ramey, Evelyn, Lucille and Rudolph Vann, Jean Friend, J. B. Cruthird, Billy and Robert Boe, Kirby and Wally Mole, David and Roger Simonson and Wayne Scott Hundley.

Rev. and Mrs. Elmo Scoggins spent the first of the week with relatives in Miami.

Two New Stewards Named By Methodists

Inman W. Weeks and Dave W. Cunningham were recommended as new members of the Pahokee First Methodist Board of Stewards at a meeting of the board on Thursday night of last week.

R. J. Schroder, Jack Spencer, I. M. Lair and J. V. Thomas were named delegates to attend, together with the Rev. C. T. Howes, the Methodist Miami District conference on May 2. The board recommended \$150 be paid on benevolences. E. F. McIlwain tendered his resignation as church treasurer effective June 1.

Hatton - Grover

Mrs. Ruth V. Hatton, daughter of Mr. and Mrs. R. J. Simonson of Pahokee, and John N. Grover of Limerick, Me., were married in Savannah, Ga., Friday, April 22, with the Rev. M. Smith officiating. Mr. and Mrs. Grover have returned to Pahokee for a visit with Mrs. Grover's parents. He plans to return to Maine next week. Mrs. Grover and sons, Richard and Thor, will join him to make their home there at the end of the school year in June.

Mr. and Mrs. Tom Adams of Fort Lauderdale were guests of his brothers, Lon and Morris and families in Canal Point on Sunday.

He's Rotary President Come July First

FRANK M. SHAUGHNESSY

Pahokee International Dealer Frank M. Shaughnessy will become president of the Pahokee Rotary club on July 1, having been elected at the recent annual election of the civic organization. He has been an active member of the Rotary club for several years and his promotion to president was in recognition of the many fine civic ventures he has headed through the years. Jack Phillips was re-elected secretary and treasurer and Jack Spencer was named as his assistant. New directors named to the board are: Claude Shirley, Tom Kirk and Jack Spencer.

Personal

The Canal Point Brownie Troop has been reorganized under the leadership of Mrs. J. S. Harrington, Jr. The group meets every Thursday at 2:30 p. m.

John C. Butler of Canal Point, who has been a patient at the Everglades Memorial Hospital was transferred to St. Mary's Hospital in West Palm Beach this week.

Mr. and Mrs. E. E. Coleman visited their son and daughter-in-law, Mr. and Mrs. Lake Coleman, in Mount Dora over the weekend.

Mr. and Mrs. Donnell Hall and daughter, Aleph, spent the week end at Bradley Junction, the occasion being the 50th wedding anniversary of Mrs. Hall's parents.

All children were present except one son stationed in Alaska with the army.

Miss Jean Shaughnessy of Tampa was the week end guest of her parents, Mr. and Mrs. Frank Shaughnessy in Pahokee.

Mrs. Miriam L. Dulany, member of the executive board of the Florida Council of Church Women, attended the annual state meeting of the Florida Chain of Missionary Assemblies and the Florida Council of Church Women in Winter Haven last week.

Mr. and Mrs. Louis Vann and children were called to Sarasota Saturday evening by the death of Mr. Vann's father, G. C. Vann, who died suddenly from a heart attack at his home there Saturday afternoon. Funeral services were held at the Church of Christ in Sarasota Tuesday afternoon. The Vann family returned to their home in Pahokee Wednesday night.

Pahokee Lions Will Paint Swimming Pool

Pahokee Lions at their Tuesday luncheon meeting voted to paint the outside of the community swimming pool this coming Saturday and have all remaining work completed by May 21.

The Lions listened to campaign speeches by candidates who are running for club offices and gave a vote of thanks to those who were in charge of arrangements for the recent benefit football game. The Lions State Convention to be held in St. Petersburg next month was announced.
